The Imogene Pass Run Board has changed the Cutoff time at Upper Camp Bird from 10:30 AM to 10:00 AM (2.5 hours for the first 7.5 miles). You must be able to run at a pace of 3.04 mph for the first 7.5 miles or you will not make the cutoff. We will also be disqualifying people who start the race early and do not record a start with their chip. .

PLEASE SIGN BELOW

LIABILITY WAIVER, RELEASE AND AGREEMENT FOR THE IMOGENE PASS RUN

I understand and assume all risks of injury to my person which may occur while competing in the above named race of Imogene Pass Run, Inc., and/or the Imogene Pass Run (referred to as the IPR), and I, for myself and for my heirs, executor, administrator personal representative, and assigns, do hereby forever waive and release all rights and claims for direct or indirect damages or losses, whether monetary or otherwise compensatory which I may have against any and all individuals, employees, officers, sponsors, contract employees, committees, corporation, groups, the Town of Telluride, the City of Ouray, 1st National Bank of Telluride and Ouray, Telluride and Ouray EMT and Mt. Rescue Association, Inc. or above-named and unnamed parties harmless and indemnify them for all claims, damages, judgments, and cost of whatever nature and form.

I am advised that the following are some but not all of the special conditions and factors which may be encountered in the IPR and that there may be other hazards: Course elevations are from more than 7,800' to more than 13,100' above mean sea level with attendant low humidity and variable, extreme and rapid temperature changes. Severe storms may be encountered. Ultraviolet radiation exposure should be considered as extreme. The temperature may vary from 30 - 80 degree F in Ouray to 30 F and colder along the racecourse with high winds and possibility of lightning, rain, snow or ice showers likely (particularly above tree line). In general the weather should be considered variable with rapid and potentially extreme temperature changes, precipitation and wind. Most of the racecourse uses the Imogene Pass Road beginning on Hwy. 550 South of Ouray, Colorado and crosses a high mountain pass known as Imogene Pass continuing on to Telluride, Colorado. The road is a four-wheel drive road that is not paved. The travel surface may be dirt, gravel or rock, with abrupt elevation changes, sharp turns, steep grades and severe drop-offs. Ice or snow may be encountered on the road surface. The initial half-mile of the course is on paved streets and highway where there may be gravel deposited by rain runoff. The final two blocks of the course also is on a steep paved street that may have gravel deposited by rain of vehicular tires. Because of the inaccessibility of most portions of the course to motorized vehicles during inclement weather there may be delays in providing emergency medical assistance. Transport off the mount for IPR participants involves motor vehicles with attendant hazardous road conditions, mechanical failure or accident.

I attest that I am in good physical condition and mentally capable of participating in the race for which I am registering and that any and all questions about the race, including but not limited to the dangers of participating in said event, have been satisfactorily answered. I also acknowledge that should I require transport by vehicle, helicopter or fixed wing aircraft to a medical facility that I must pay for such transportation and any treatment provided. I further agree to abide by request of race officials on matters concerning race operations.

I understand that the IPR may not be started and may be shortened or cancelled at any time in progress as determined by IPR officials because of safety considerations. If I have not reached the cutoff point, as described in "conditions", or for my own safety I may be turned back to Ouray and I will not complete the race. If the Race Director and/or Sheriff's department closes the road over Imogene Pass, I will not proceed beyond that point.

I hereby grant full permission to any and all of the foregoing, whether named or unnamed entities to use my name, picture of likeness on any media or form and any other records of my participating in any or all events for any publicity and/or promotional purposes without obligation to me or my successors, assigns, et al., or liability by the publisher or promoter. I understand my name and address may be provided to sponsors for the purpose of product promotions.

I have read the entry information provided and certify my compliance with such by my signature below. Conduct on my part which if deemed to be un-sportsmanlike by the Race Director will be grounds for my immediate disqualification and denial of further participation in this and subsequent races organized by the IPR or the Imogene Pass Run Inc. I understand that the race entry fees paid by or for me are non-refundable unless the registrar refuses entry. The no-refund policy also applies to any cancellation of the race for weather or other circumstances. Race organizers will exercise due diligence in obtaining permits and providing services in support of the race.

I agree not to give, sell or otherwise transfer my official race number to any other person(s) outside of IPR Transfer guidelines.

I agree not to bring or otherwise have animals on the course.

I agree to return the timing transponder and its attachment device to an appropriate race official after the race. If I fail to do so, I agree to pay \$95.00 to replace the timing transponder and attachment device
